

Diamond grinding head and drilling template

Diamond grinding head for precise and quick installation openings for one-gang boxes and one-gang junction boxes in all types of walls. Clean and low-dust handling due to dust extraction.

- Quick creation of installation openings in all types of walls
- For electric drills with direct attachment or 13 mm chuck
- With optional dust extraction
- Drilling template for exact marking of the centering hole

Installation

Pre-drilling. Create centering hole at a combination distance for multiple boxes using drilling template.

Fit diamond grinding head and diamond cut \varnothing 68 mm or \varnothing 82 mm holes.

Chisel out drilled core.

Clean and even installation openings for quick further processing with plaster or Klemmfix®.

3D-animation diamond grinding head

Drilling template

- for vertical and horizontal pre-drilling of combination distances
- 71 mm for standard combinations
- 91 mm for separate covers on low-voltage devices
- with hardened drilling bushes
- with fold-out guide pin for first drill hole
