

PROFI cutter

PROFI cutter Ø 68 mm with countersink hole cutter, holder, centering drill

- high cutting power
- precise cut for circular drilled holes
- high radial runout accuracy
- Removable countersink hole cutter
- fits all electric drills with 13 mm chuck

Article no:	1081-10
EAN:	4013456587588
Cut hole Ø	68 mm
Depth of cutting hole	32 mm
with countersink hole saw	Yes
with ejector spring	Yes
Dispatch	10

The new PROFI cutter is the ideal tool for creating installation openings in drywalls. The fine saw teeth and precise drilling diameter are perfectly matched to the installation of KAISER boxes. The innovative trilo geometry of the cutter head ensures an improved operating life. In combination with the new centring drill, the drilled core can be reliably ejected, enabling fast work.

- longer service life due to new cutting edge geometry
- Faster installation thanks to reliable drilled core ejection
- With holder, centring drill, countersink hole cutter and drilled core ejector
- Specially for plasterboard, softwood and plywood boards
- Unique triangular-round cutter geometry for maximum hole precision
